Features & Benefits

- ✓ Helps lower yearly energy costs
- ✓ Makes glass more shatter resistant
- ✓ Crystal clear, distortion-free adhesive
- ✓ Easy clean, scratch resistant hardcoat

Very Low Reflectivity

Galaxy's hybrid color stable formula and low density alloy coating combine to offer the lowest possible levels of reflectivity. Allowing pleasing views to be taken in during the darker hours of dusk and dawn.

Corrosion Resistant

The ultra low-reflective color stable formula utilized in the Galaxy range increases the films overall corrosion resistance to maintain longevity and optimal appearance.

Signal Friendly

With the growing reliance of wi-fi and mobile signal for both residential and commercial situations, the Galaxy range of solar control films will control the suns energy whilst allowing wi-fi, GPS and mobile signals to pass through without interruption.

Energy Efficient

The solar energy reducing properties of the Galaxy range assist in maintaining a comfortable room temperature hence lowering the reliance of high energy consuming cooling appliances and HVAC equipment.

UV Protection 99%+

Ultra Violet Light is the major contributor to premature fading of flooring, furnishings and interior items. Protect your interior and contents with 99%+ UV protection across the whole Galaxy range.

Glare Control

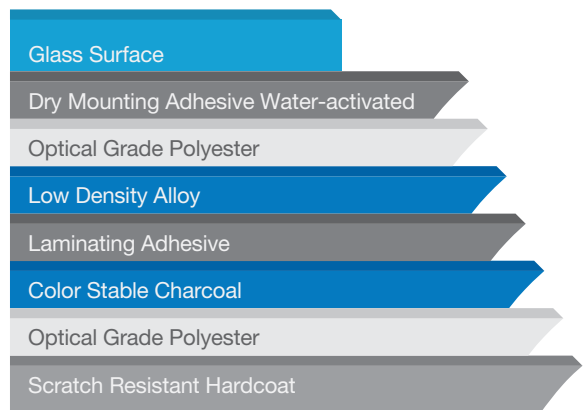

The Galaxy range offers a selection of shade variations to control glare levels to suit the requirements of each glazing situation. Reduce annoying glare, whilst maintaining the preferred lighting ambience.

Performance Specifications

Product Code	Galaxy 05	Galaxy 10	Galaxy 20	Galaxy 30	Galaxy 40
Heat Rejected %	66	63	56	51	48
Glare Reduction %	95	90	80	70	60
UV Protection %	99	99	99	99	99
Daytime Privacy	High	High	Medium	Medium	Low
Outside Reflectivity	Low	Zero	Zero	Zero	Zero

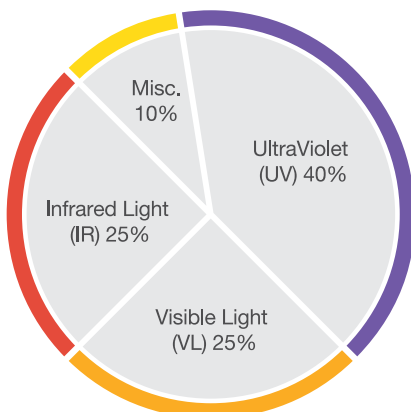

Film Construction

Ply	2 Ply
Thickness	1.5 Mil
Metal	Vapor Deposition
Color	Stable Charcoal
Adhesive	Dry Adhesive
Scratch Resistant	Yes
Liner	Polypropylene

Published values are representative of typical production runs and are subject to normal manufacturing tolerances within industry standards.
